There are only four kinds of people in the world

- ▶ Those who have been caregivers
- ▶ Those who are currently caregivers
- ▶ Those who will be caregivers
- ▶ Those who will need a caregiver

— Rosalyn Carter, American Writer, Activist, and served as the First Lady of the United State from 1977 to 1981

PROFILE OF CAREGIVERS IN AMERICA

Definitions

A **caregiver** - sometimes called an **informal caregiver** - is an unpaid individual (for example, a spouse, partner, family member, friend, or neighbor) involved in assisting others with activities of daily living and/or medical tasks.

Formal caregivers/Direct Care Workers are paid care providers providing care in one's home or in a care setting (day care, residential facility, long-term care facility). For the purposes of the present fact sheet, displayed statistics generally refer to caregivers of adults.

Overcoming Barriers

▶ People tend to think...

- I am just his spouse (daughter, son, parent, grandparent, etc.). This is what I am expected to do
- I don't live *with* her
- I don't do *that much* for them
- But I *want* to do this
- She took care of me, now it's my turn
- This is just what family does

Are YOU a Caregiver?

▶ **Do you do any of the following:**

- Take meals to ensure nutritious food is available
- Help with cleaning and laundry
- Assist with weekly grocery shopping
- Arrange medical appointments and provide transportation
- Feel the need to check up on the person to be sure they are okay
- Receive frequent phone calls with requests for help
- Provide on-going care to someone such as help bathing, dressing, grooming or provide supervision due to dementia

If you answer YES to any of the questions, you are a caregiver.

Overcoming Barriers

- ▶ Governor's Task Force on Caregiving and some highlights:
 - Aging and Disability Resource Center (ADRC) Reinvestment, specifically Caregiver Support
 - Family Medical Leave Act Amendments
 - The Wisconsin Credit for Caring Act
 - The Care Act Direct Care Workforce Proposals
 - State-Wide Direct Support Professional Training
 - Home Care Provider Registry Pilot
- ▶ Other states such as New Jersey, Washington, Arizona, Nevada, Illinois, New Mexico, and Hawaii are offering National solutions too!

Wisconsin's Alzheimer's Family & Caregiver Support Program (AFCSP)

- ▶ Wisconsin Legislature created the Alzheimer's and Family Caregiver Support Program (AFCSP) in 1985
- ▶ Program was created to enhance the lives of informal and family caregivers while helping people with dementia remain living in the community for as long as possible.
- ▶ Funds are available in each county for qualified individuals to provide temporary caregiver relief through respite and purchase goods & services needed that are needed to help care for someone with irreversible dementia.
- ▶ Counties do an excellent job of trying to make the dollars stretch. Though, some counties may have a waitlist for services.

Rewards of Caregiving

- ▶ Become an advocate!
- ▶ The Greater WI Agency on Aging Resources, Inc. (GWAAR) has been awarded grant funding to implement a “Changing the Care Conversation” grant project in Wisconsin.
- ▶ The grant helps us build the grassroots power of family caregivers. to launch a national learning and action-oriented initiative to improve support for family caregivers.
- ▶ The goal is to advance state and federal policy solutions that strengthen supports for family caregivers. The project runs from 4/01/22 – 4/01/23.
- ▶ If you know a current or former family caregiver who might want to become a part of this exciting new project and is willing to participate in online training and support, please have individuals contact Bryn Ceman at bryn.ceman@gwaar.org.
