

This FREE online workshop, which can be completed at your own pace, will provide the information and building blocks needed **to start a respite program in your community**. There is assigned reading, outside websites to review, videos to watch, and an ongoing assignment throughout this workshop.

What information did you find most useful in this course?

- *I really appreciated the budgeting resources provided in this course. The Smartsheet template was really helpful.*
- *Understanding the many different respite programs, boundaries, caring for every person's safety and well-being, and techniques to stay calm in an emergency. Building relationships with families, members, and the community.*
- *I really enjoyed the real person interviews, the links to helpful resources. I thought the class was broken down in specific categories and was an easy-to-follow course.*
- *EVERYTHING! But more specifically I loved how the course guides you through the phases to setting up a respite program. No stone was left unturned. The most useful part was the marketing and rate sheets.*
- *Everything I needed to get started with my first project on how to become and build a respite program to serve my community with the best possible care.*
- *I enjoyed learning about the different types of home certifications you need depending on your organization structure.*
- *I thought the budgeting section was very helpful in determining just what is required for starting your own care program.*
